Natural Shoreline Landscapes on Michigan Inland Lakes
A workshop for property owners

June 26, 2013, 6 PM
Leelanau County Governmental Center
Lower Level

Natural shorelines provide multiple benefits to our inland lakes. Natural shoreline landscaping and bioengineered erosion control techniques can restore those benefits by reducing runoff, deterring geese, stabilizing soils and improving fish and wildlife habitat while maintaining aesthetically pleasing access to your lake. Already have rock or sea wall? Learn how to enhance those structures for the benefit of your lake.

Workshop topics include:
- Healthy lake ecosystems
- Designing natural landscapes on lake shorelines
- Problems with high impact landscape methods
- Use of native plants in shoreline landscapes
- State of Michigan rules and regulations

Workshop hosted by Leelanau Clean Water
in cooperation with the Michigan Natural Shoreline Partnership

NO COST. FOR INFORMATION AND TO RESERVE A SPOT – CALL 231-256-9812

Learn the benefits of natural shoreline landscaping and erosion control for your lake and property.
